Where did all the sun go? Well my yard, and the things attempting to grow there, really needed a good drink.

That seems to be a common statement I'm hearing today as people accept that perhaps "Juneau" weather has returned.

Along those lines, what does Ben Gay, sideways rain and Paul Harris all have in common? Yes, that's right, it's time for the Rowdy Rotary Picnic. The date is August 14, 2004 at Sandy Beach from 1 pm – 6 pm. I would like to encourage you all to attend, and more importantly, to please bring your family members. Remember that by involving our families we make all our endeavors more successful and enjoyable. We also address the issue often cited by current and former members that Rotary competes with family time. Rotary International took the step last year to encourage the Family of Rotary concept in clubs to address this very issue and encourage family participation in Rotary events. It can be an important factor in member retention and encouraging new members when it is seen that they do not have to decide between family and Rotary, and that Rotary can in fact strengthen the family. So be sure to bring your family members to the picnic and other Rotary events.

P.S. Pay particular attention to inviting any family members with a history lettering in any sport, especially those involving a bat.
